Electrical Wiring

2-EZ Controller

- Controls 2 Circuits
- Converts 7-Pin Bobcat® Signals into usable 12 volt power
- Plug and Play Technology
- Momentary and Latching Functionality

4-EZ Controller

- Controls 4 Circuits
- Converts 7-Pin Bobcat® Signals into 14 pin usable 12 volt power
- Utilizes factory buttons in the skid steer handles
- Momentary and Latching Functionality
- Inline design with popular 14 pin connector

About Us

Weber Manufacturing LLC is a family owned and operated manufacturing business which specializes in pasture reclamation attachments. Operating out of a 32,000 sq/ft facility, Weber Manufacturing builds all of the M&M brand of products in-house. Quality, integrity and customer service are the values Weber Manufacturing is built upon. Call us today to discuss why your next attachment should be an M&M by Weber.
